

Education Improvement Grant or RCSIG - Regional Consortia Support Improvement Grant 2022-23

This plan focuses on raising standards for all, reducing the attainment gap, and delivering an education system that is a source of pride and public confidence, which are our overarching aspirations for education in Wales.

Actions:

- Foundation Phase support staff in each unit.
- Classroom based intervention and focused groups sessions
- Provision of ongoing assessment strategies to monitor progress of all pupils
- Provision of effective literacy strategies such as read write inc, handwriting, and Speech Link.
- Provision of effective Numeracy strategies such as numicon, focused groups, TT Rockstars and challenge tasks.
- Encouraging independence, creativity and self directed learning, through the foundation phase philosophy .
- Enabling pupils to use ICT/DCF skills effectively across the curriculum and areas of learning.
- Providing rich practical learning opportunities both inside and in the outdoors as appropriate.

Success Criteria

- Maintain good staffing ratios to provide optimum levels of support for pupils
- Provide and deliver effective learning through play and group learning activities.
- Improved standards in Literacy, Numeracy, Wellbeing & Creative Development.
- Increased pupil voice within the planning process resulting in improved pupil independence and self directed learning.
- Increased rich learning opportunities provided in both the indoors and outdoors.
- Teaching assistants deployed effectively impacting on learning progress.

Grant Funding

EIG Funding = £59,466

The entirety of this grant has been used to support pupil progress and well-being. Adequate staffing has ensured that individual pupils receive the support and attention needed to thrive within their school learning environment as well as through blended learning.
