Dear Parent/Carer,

We will be holding an in-school St. David's Day celebration on Monday 2nd March.

In accordance with The Curriculum for Wales, learners should have opportunities to ground their understanding of their locality and of their own cynefin, and relate it to Wales.

A variety of whole school competitions will be held to promote this understanding which are open to all year groups. Children can enter as many competitions as they like and all children will be expected to enter at least one as part of their half term holiday homework.
