Swansea

SA1 4HR

To whom it may concern,

We are seeing numerous children of primary school age seeking emergency dental care, who are not registered with a regular dentist.

We will have 300 NHS places available in April and we would like to prioritise these places to children who are in need of a dentist.

We were wondering if you could post this letter on class dojo etc, to make parents aware of this opportunity for those children who are in need of a NHS dentist.

If your child would like a NHS space please contact the Clinic on 01792 654531 or via email dentist@swanseaclinic.net

Kind regards

The Team at Russell street Dental Clinic
