## **Recycling update-**

From April 6<sup>th</sup> there are new rules and an updated code that all workplaces need to adhere to. In light of this after the Easter holidays we will have new recycling systems and procedures in school. Part of this will be that the children who bring packed lunch to school will bring all of their rubbish home with them.

We will introduce the new systems gradually to ensure we are compliant with the new rules. If you would like to know more about this follow this link <https://www.swansea.gov.uk/commercialwastelaw>

## **Online safety/ Social Media-**

I would like to remind you all to ensure your children are supervised when accessing and using social media, and online platforms. In this ever evolving digital world it is hugely important we encourage good values, and promote positive relationships and kindness online as well as in person.

We are looking forward to the Summer term, and the children have already started planning for the new topics. We welcome your expertise to support and enhance the learning experiences so please let us know if you can help.

Diolch pawb and Pasg Hapus!
